

## FEDERAL RETIREMENT CONSULTANT™

"FRC", Inc. has ownership of the FRC™ logo, and the FRC™ and Federal Retirement Consultant™ symbols within the United States, which it grants to those individuals who successfully complete and maintain certification.

### My Mission

My mission is to help ensure Federal Employees receive all the retirement benefits they've worked long and hard to earn.

As a resource for the latest information on the FERS and CSRS benefit plans, I provide educational materials that can assist in making strategic planning decisions.

### My Approach

- Educational training for federal employees encompassing FERS and CSRS benefits.
- Personalized one on one consultations to review federal employee benefits in order to maximize all federal benefits including Medicare, Tricare and Social Security.
- Access to a selection of books by FEDWeek a leading publisher of federal employee benefits focusing the federal employee.
- A referral network of representatives who understand the complexities of federal employee retirement benefits.

At the end of the day, my goal is to ensure federal employees have all the opportunities to plan successful retirements that meet their personal needs for the rest of their lives.
